Against the wind  (Bob Seger)

G         Bm         C         G
It seems like yesterday, but it was long ago. Janey was lovely, she was the queen of my nights,
D         C
there in the darkness with the radio, playing low.

G         Bm         C         G
And the secrets that we shared, the mountains that we moved, caught like a wildfire out of control,
C         D
'til there was nothing left to burn and nothing left to prove.

Em          D           G                          Em           C               G
And I remember what she said to me, how she swore that it never could end.

Em          D                                  C                       C                       D
I remember how she held me, oh so tight. Wish I didn't know now what I didn't know then.

G         Bm         C         G
Against the wind. We were running against the wind.
C                         C               G
We were young and strong, we were running against the wind.

G         Bm         C         G
And the years rolled slowly past and I found myself alone, surrounded by strangers I thought were my friends.
D         C
I found myself further and further from my home.

G         Bm         C         G
And I guess I lost my way. There were oh, so many roads. I was living to run, and running to live,
C         D
never worrying about paying, or even how much I owed.

Em          D           G                          Em           C               G
Runnin’ 8 miles a minute for months at a time, breaking all of the rules that would bend,

Em             D             C             C                                  D
I begin to find myself just searching, searching for shelter again and again.

G         Bm         C         G
Against the wind. A little something against the wind.
C                         C               G
I found myself seeking shelter against the wind.

BRIDGE

Em          D           G                          Em           C               G
Well, those drifter’s days are past me now. I’ve got so much more to think about.

Em          D             C             C                                  D
Deadlines and commitments. What to leave in. What to leave out.

G         Bm         C         G
Against the wind. I’m still running against the wind.
C                         C               G
I’m older now but still running against the wind.

C                         C         Am7         C               G
Well I’m older now and still running…

against the wind
C
against the wind
G
against the wind
